## Understanding the impact of technology

- 6 How multimedia can improve learning and instruction  
*Richard Mayer*
- 10 Using Cognitive Load Theory to improve slideshow presentations  
*Andy Tharby*
- 12 Digital schools? Teachers still matter  
*Mark Quinn*
- 14 Banning mobile phones in schools: Reflecting on the debate  
*Cat Scutt*
- 16 Is the use of mobile devices in schools really innovative? What does the evidence say?  
*Kevin Burden, Sandra Schuck and Matthew Kearney*
- 20 Rethinking education technology from digital tool to digital place: New perspectives, new affordances  
*Richard Osborne*
- 23 Getting inside the black box: Piloting and evaluating education technology in schools  
*Kristen Weatherby and Alison Clark-Wilson*

## Technology to support teaching and learning

- 27 Interweaving traditional and digital approaches: The development of blended learning at Sandringham School  
*Fergal Moane*
- 30 The relative advantages and disadvantages of paper and digital media in education  
*Daniel M Oppenheimer*

- 33 Medium matters: The effects of print and digital texts on comprehension  
*Lauren Singer Trakhman*
- 36 Prosocial digital games for inclusion in the primary classroom  
*Sarah Parsons and Efstathia Karakosta*
- 40 Unleashing the potential in young writers: Using speech recognition software with students with writing difficulties  
*Maria Kambouri and Helen Simon*
- 42 Technology for active learning: Using iPads to support learners with English as an additional language  
*Cassey Williams and Duncan Kilty*
- 43 Using assistive technology to give SEND learners independence  
*Jules Daulby*
- 46 Revision Generator  
*Mari Chikvaidze*
- 49 Learning with interactive electronic books  
*Paul Hopkins*

## Innovation, learning and development

- 52 Using technology to promote metacognition  
*Claire Badger, Sarah Horrocks, Christian Turton and Helen Lewis*
- 57 Developing collaboration, communication and critical thinking using a micro-blogging tool  
*Vic Cook, Paul Warwick, Sarah Boggis, Debbie Chadwick, Sarah Makepeace and Catherine Davis*
- 60 Do maths apps add value to early education?  
*Laura A Outhwaite, Anthea Gulliford and Nicola J Pitchford*

- 63 Developing trainee teacher understanding of pedagogy and practice using 360 degree video and an interactive digital overlay  
*Nicola Walshe, Paul Driver, Tara Jakes and John-Mark Winstanley*
- 67 What is reflective practice?  
*Gemma Jackson*
- 70 Growth headset? Exploring the use of virtual reality and augmented reality in schools  
*James Mannion*
- 74 School students' perceptions of the nature and value of GIS: Implications for curriculum development and pedagogical practice  
*Grace Healy and Nicola Walshe*
- 78 Six myths of digital technology  
*Education Endowment Foundation*

## Assessment, feedback and retrieval

- 80 The use of digital technology in primary physical education  
*Rachel Sullivan*
- 82 Digitising effective feedback  
*Abdul Chohan*
- 84 Low-stakes testing, technology and learning  
*Daniel Luxton, Helen Roberts and Richard McDonald*
- 88 Effective use of technology to support revision: Daily emails to parents  
*Katharine Hutchinson*
- 90 A case study examining the Year 9 student experience of the use of video feedback in mathematics lessons  
*James Baker*
