# Bring Spanish Language & Culture into your classroom!

**Do you want to inspire your students and enhance their language learning?**

## The Spanish Language and Culture Assistants Program

The Spanish Ministry of Education and the Education Office of the Embassies of Spain in the USA and Canada sponsor a Spanish Language and Culture Assistants program for elementary, middle and high schools and for universities with Spanish Resource Centers sponsored by the Ministry of Education. This program gives American students the opportunity to learn Spanish language and culture from native speakers. Similarly, the Spanish assistants will have the opportunity to learn about American culture, improve their command of English and use their knowledge upon their return to Spain, thus helping to develop cultural understanding between both countries. Assistants will help classroom teachers as native-like speakers and experts on their home country to encourage students' interest in Spain.

## Would your school like to apply?

Express your interest by scanning the QR code and filling out the online form.

## Testimonials

*"Our assistant was simply wonderful! Teachers were so appreciative and students truly enjoyed working with her. We are grateful and we will miss her friendly smile and her enthusiasm!"*

Maureen Knowlton, principal  
at Millis Middle School, MA.

*"Our assistant designed weekly cultural lessons about Spanish speaking countries, food, music, traditions, sports, festivals, celebrations, etc."*

Ana Calderón, 4th Grade teacher  
at Oyster Adams Bilingual School, DC.

*"Students and teachers deeply appreciate the guidance provided by the assistants on their Spanish learning journey."*

Andrés Sánchez, consultant  
at Edmonton Catholic Schools
