### DO YOU HAVE TWO OR MORE NATIONALITIES AND ONE OF THEM IS FROM A EUROPEAN UNION (EU) COUNTRY?

You can register on PROFEX 2 with your EU country passport, and you will not need to apply for a student visa to enter Spain

#### Procedure

- Register on [PROFEX 2](#) with your **valid** EU country passport. **It must be valid until 30 June 2026.**
- Enter the nationality corresponding to that passport.
- In the “Datos de interés” section, choose the appropriate option depending on the country from which you are applying for the program.
  - Australia – Education Office of Spain in Australia
  - India - Education Office of Spain in India
  - New Zealand - Education Office of Spain in New Zealand
  - Philippines - Education Office of Spain in the Philippines
  - Singapore - Education Office of Spain in Singapore

#### Implications

- You will access PROFEX 2 with your EU country passport number.
- When you complete your profile on PROFEX 2, in the section “Documentos anexos” make sure you upload both passports: the one from the EU country you will use to participate in the program and the one that proves you are also a citizen from the country from which you are participating (Australia, New Zealand...)
- Your *Letter of appointment*, if you obtain a position, will include your EU country passport number and you will be able to enter Spain and participate in the program using that passport.
- Upon arriving in Spain, you will need to apply for an EU Registration Certificate at the immigration office or police station in the assigned city or town instead of applying for a Foreigner Identity Card (TIE).
